

RANJITH K

STUDENT

Hello I'm currently pursuing my Bachelor of Computer Applications (BCA). I have always been captivated by the world of technology and its endless possibilities, which led me to choose this exciting field of study. My journey in the world of computers started at a young age when I was introduced to coding and software development. Since then, I've been on a quest to expand my knowledge and skills in the realm of computer science. BCA has provided me with a strong foundation in areas such as programming, database management, and web development, which I'm enthusiastic to apply to real-world problems.

SKILLS

- Photoshop cc
 - Web Designing
 - Tester
 - Word processors
-

EDUCATION

A.G COLLEGE OF ARTS AND SCIENCE

Bachelor of Computer Application
